To achieve the best results, it is recommended that you have a course of 6 sessions over 6 months to start, this can then be followed up by a maintenance session twice a year.

We appreciate the cost of investment in our treatment bundles for 3 and 6 sessions. Due to this we are happy to offer you the opportunity to pay for each session when you attend at the cost per session shown. All we ask is that you book all the dates required with us at your first treatment to guarantee these prices.
